Face Mask Dispensers	5	Storage Bin Dispensers	8, 9
Finger Cot Dispensers	6	Wiper Dispensers	10
Glove Dispensers	3, 4, 5, 6, 7, 12		

## Material Choices

Material choices are clear Acrylic or clear PETG.

<b>Acrylic</b>	A strong material that is scratch resistant and very attractive. Crystal clear, smooth flat sides make for easy cleaning. Color options are available by special request, please call for availability.
<b>PETG</b>	A clear polyester plastic that is immune to IPA (Isopropyl Alcohol) and cleaning agents that include alcohol. Although more resistant to chemicals, PETG is softer than acrylic and more prone to scratching. PETG - "PolyEthylene Terephthalate Glycol modified"

## Cleaning Instructions

<b>Acrylic material</b>	Use a plastic cleaner or mild detergent and water. <u>DO NOT use IPA</u> (Isopropyl alcohol) or harsh chemicals to clean acrylic. These may cause cracking or crazing. Hydrogen Peroxide or Bleach can be used safely with Acrylic.
<b>PETG material</b>	Use a plastic cleaner or mild detergent and water with a soft cloth. IPA, Hydrogen Peroxide, or Bleach can all be used safely with PETG.

## Custom Designs

Custom designs are modifications are available!  
Simply call or e-mail in your specific requirements to us and a quote will be returned within 24 hours.  
No minimums and fast turnaround!
